We did not issue any type of permit, for a protest or other activity, anywhere downtown on January 29th. Ed Czyzyk indicated he did receive one inquiry about obtaining a permit for a protest but the person inquiring never left his name and never followed through with the request.

We have reviewed our permit records for the past two years and we have no record of a Jeff Smith applying for any type of permit.

Please let me know if we can be of further assistance.

Hi Pat. Can you tell me if you ever received a request for permit or any other type of request by the organizers of the war protest groups? I am trying to confirm whether any of them ever made official request to the city to block streets, etc? Jeff Smith was one of the organizers. If I can show he has obtained permits for marches, protests, etc in the past and did not do so this time, it would help. This would have been on January 29th. Thank for your help.
